11 Crawford street,
Newark, N.J.

Dear Madam:

I received your letter and am all ways glad to hear from you. The reason I did not answer your first letter, was because I did not get a report from Umpire Creig or any one else regarding the game.

I only heard this protest from you and it was outlined by Posey. I will not order the games played over, for the simple reason, no one has violated any rules, as I see it.

You could have used Suttles, as the Yankees failed to use him this year. There was no reason why, they could not use Starks as he was their property last year.

You could use Mule if you wanted to, as the Yankees did not give him a contract. I hope you can see this thing fairly and let this thing go as it is.

Best of luck,

I remain,

Thomas T. Wilson.
